## WHAT IS SHWACHMAN-DIAMOND SYNDROME?

## SHWACHMAN DIAMOND SYNDROME FOUNDATION

### ABOUT US

Shwachman Diamond Syndrome Foundation was founded in 1994 by Joan Mowery, a mother of a SDS patient. Shwachman-Diamond Syndrome Foundation is a national, not for profit, patient advocacy organization. Our goals are to advocate and fund research towards improved treatment and a cure. We provide educational services and emotional support to SDS families. We sponsor a bi-annual family conference which allows patients and their families the opportunity to hear and speak to members of our Medical/Scientific Medical Board, who are experts in various aspects of SDS. We are also proud sponsors of the Shwachman-Diamond Syndrome International Scientific Congress which bring together physicians and scientists from around the world to share the most recent information on SDS. And we support the North American SDS Patient Registry. We continuously strive to raise awareness of SDS in both the medical community and general population.

### OUR MISSION

- Advocate for and fund research towards
- Raise awareness of SDS in the medical
- Provide educational and emotional support families

## 5TH ANNUAL TOUGH MUDDER RUN FOR SARAH KILBY

Dear Family and Friends,

5 years ago our fearless daughter Sarah was diagnosed with Shwachman-Diamond Syndrome. Like most people we had never heard of this disease. To say it changed our lives is an understatement. I won't go into the details of what this non-curable (right now) syndrome entails but if you want to read up, please read more information on the website.

Sarah is the toughest person I've ever met. She has been through hospital stays and procedures no innocent child should have to endure. Sitting at home one day I decided to do something to raise awareness and funds for her illness. My choice was to participate in "probably the toughest event on the planet".

I figured if she can go through her life with medical challenges, I certainly can push my old body and endure some physical pain for 6 hours one day a year. The first year our good friend Matty Way decided to accompany me up, down, over, under and above Mt. Snow in Vermont. Crossing the finish line was one of the most powerful days of my life. We are now up to the 5th annual run, and "Sarah's Mudder" has grown to 15+ of our close friends and family members. On June 14th of this year we will all travel to Mount Snow once more (lots of laughing, some crying) to help raise awareness for Shwachman-Diamond Syndrome. I can't thank them enough!

The Shwachman-Diamond Syndrome Foundation is a small but extremely dedicated group. This year is my most important fundraising event thus far. SDSF has received 3 letters of intent from researchers, and all are very promising. This research unfortunately costs money. We know this economy continues to be a struggle for everyone, but your tax-exempt donation helps Sarah, and children like her, afflicted with Shwachman-Diamond Syndrome. All donations big and small help fund this research to find a cure.

Sarah started middle school this year, and will be a teenager this September. She is a

### Reduce, Reuse, Recycle

kmG is always looking for environmentally effective methods when dealing with all refuse matters.

Recycling centers properly utilize recyclable materials so that they can eliminate the use of our natural resources, by reusing them or manufacturing them into various sources of energy.

### Just a Few Things We're Doing to Go Green

**Incinerators** which turn waste into energy and compost the remaining material to eliminate the amount of debris going into landfills.

**Sorting stations** is a system which separates garbage into recycle material.

**Solar compactors** are an alternative system to save the amount of energy used to run compactors.

We are currently researching **bio diesel fuel** to generate a cleaner burning fuel for all of our trucks.

### Some recycling facts...

Recycling is good for our economy – recycling has created \$37 billion in payroll annual salaries.

Recycling benefits the air and water by creating a net reduction in ten major categories of air pollutants and eight major categories of water pollutants.

Manufacturing with recycled materials, saves energy and water and produces less air and water pollution than manufacturing with virgin materials.

Recycling conserves natural resources, such as timber, water, and minerals.

Recycling prevents habitat destruction, loss of biodiversity, and soil erosion associated with logging and mining.

### kmG's Green Principles:

- Reduce** Waste prevention, or "source reduction," means consuming and throwing away less.
- Reuse** Reusing items – by repairing them, donating them to charity and community groups, or selling them – also reduces waste.
- Recycle** Recycling turns materials that would otherwise become waste into valuable resources.
- Incineration** A waste treatment technology that involves the combustion of organic materials and/or substances.

# It's About the Cross

We hope you enjoy with us by celebrating and reflecting on the amazing gift of God's Son coming to save humanity!

This release combines traditional, contemporary, and gospel arrangements of Christmas favorites. We pray that each one of you will come to know the living Christ and experience the love and forgiveness that our family has!

And being found in fashion as a man, He humbled Himself and became obedient unto death, even the death of the cross. Wherefore God also hath highly exalted Him, and given Him a name which is above every name: That at the name of Jesus every knee should bow and that every tongue should confess that Jesus Christ is Lord, to the glory of God the Father.

Richard P. Moran lived a very full life; almost an entire century. He was part of America's greatest generation, a big family man and was a pillar within his community. "Dickie," as he was known, was a successful investor, entrepreneur, sportsman and traveler.

His life experiences occurred during a golden age when adventure and opportunity seemed more accessible. *Four Score Years* is the vivid telling of his memoirs, providing some great tales of adventure and misadventures, ups and downs and plenty of interesting family history. This full account of his life is refreshingly candid and provides a documented legacy he wished to leave behind.

Richard P. Moran (1920-2015) was born in Syracuse, N.Y., and moved to the Washington area in 1934. Early in his career, he was publicity director for a hotel subsidiary of Pan American Airways and a magazine editor and travel promoter for Pan Am. He also worked in the Washington bureau of the Associated Press before establishing a variety of companies to acquire and sell real estate. He was the founder of the Middletown Valley Hunt and the Potomac Polo Club.

Pastor and Mrs. Star R. Scott

### What is God's will for your life?

One of the main reasons Christians misunderstand the leading of the Holy Spirit is that they do not realize that He is more interested in their character than where they are in life. Once the Holy Spirit can get you listening and obeying, He can surely get you to the block He wants you to live on, the job you are supposed to occupy, and even find the right person for you to marry. If you are looking for those things and not Christ-like character, you will never be led by the Spirit of God.

Get how God wants you, and He will get you where He wants you. Too often, the things Christians want to pray about and make decisions on are non-issues. It's not about the specific situation.

You just need to ask yourself, "Am I pleasing Father? Is what I'm doing bringing honor to Jesus?" That is all you need to know.

## Corvette people are special,

whether it's race, show, or just plain cruisin'. The owner of "America's Sports Car" is someone who followed their dream.

My dream began in 1957 and man can a ten-year-old dream. One day I'll have one of those! I think it was that huge speedometer that read 160-miles-an-hour.

Now forty years later, that dream fulfilled, I find myself blessed with three of the finest 'Vettes in the country. These cars have been featured in many of the national magazines and on ESPN and Speedvision. These cars have won every major event they have ever been entered in. It's a radical fulfillment of a childhood dream.

Now the dream is to use these cars to share the good news of Jesus being made sin with our sin, "so that in Him we might become the righteousness of God."

**2 Corinthians 5:21**

## About Us

Finish The Race is about sharing with people what our real treasures in life are. God's word says, "The whole duty of man is to [love] God and keep his commandments." Your relationship with Father God and the Lord Jesus is what's important, not owning a Super 'Vette. Let's raise our children to enjoy 'Vettes, but to love God.

## Key Beliefs

### Inspiration of Scripture

The Scriptures are verbally inspired of God and are the revelation of God to man. The Word of God is infallible, and is the authoritative rule of faith and conduct.  
2 Ti 3:15-17; 1 Th 2:13; 2 Pe 1:21

### Fall of Man

Man was created good and upright; for God said, "Let us make man in our image, after our likeness". However, man sinned willfully and became subject to physical death and spiritual death (separation from God).  
Ge 1:26-27, 2:17, 3:6; Ro 5:12-19

### Salvation of Man

Man's only hope of redemption is through the shed blood of Jesus Christ, the Son of God. Salvation is received through repentance toward God and faith toward the Lord Jesus Christ. By the washing of regeneration and renewing of the Holy Spirit, man becomes an heir of God according to the hope of eternal life.  
Jn 3:3; Ro 5:9-11; Ep 2:8

### Baptism of the Holy Spirit

The Baptism of Holy Spirit provides practical power for life and service. This gifting produces a reverence for God, an increased devotion to His work, and a more active love for Christ, His Word, and the lost.

All believers are entitled to the Baptism of the Holy Spirit. This is an additional free gift, which is a distinct experience following Salvation. The Holy Spirit is promised by God and available to those who seek it. The initial physical evidence of receiving the Holy Spirit is speaking in other tongues.  
Mk 16:20; Luke 24:49; Acts 1:8; 1 Cor. 12:1-31

### Divine Healing

Divine Healing is an integral part of the Gospel. Deliverance from sickness is provided for in the redemptive work of Christ, and is the privilege of all believers.  
Ex 15:26; Is 53:4-5; Mt 8:16-17

### Imminent Return of the Lord (Rapture)

Those have died in Christ along with those who are alive and remain on earth, will be caught up together to see the return of the Lord, and be with Him forever. This is called the blessed hope of the Church.  
1 Th 4:13-18; Ti 2:13; 1 Co 15:51, 55

### Prayer Prepares You for Kingdom Service

Date: 10/3/2012 12:00:00 AM

Verse: "Therefore said he unto them, The harvest truly is great, but the labourers are few: pray ye therefore the Lord of the harvest, that he would send forth labourers into his harvest." (Luke 10:2)

#### Summary:

Psalm 34, verse 18 says, "The LORD is nigh unto them that are of a broken heart; and saveth such as be of a contrite spirit. Many are the afflictions of the righteous: but the LORD delivereth him out of them all." And that deliverance is a deliverance of prayer, communion, and fellowship. As we continue to intercede for our loved ones, for this Jerusalem that God's placed us in, we'll see as we look at this a little bit more that we need the heart and the compassion of the Lord.
